

MILL HILL'S FAMILY OF SCHOOLS

Mill Hill School

Mill Hill School is a leading co-educational day and boarding school conveniently located just half an hour from central London yet set within open green spaces and forming part of Mill Hill School Foundation which also includes a Pre-prep, a Prep and an International School. We offer GCSE and A Level courses and have an international reputation for academic excellence.

Our pupils progress to a wide range of courses in prestigious UK and overseas universities, including Oxford and Cambridge. We also encourage pupils to participate in our wide range of sporting, musical and other co-curricular activities, developing skills which will provide enrichment and build character and confidence.

Mill Hill International

Located within its own newly refurbished campus just a short walk from the main Mill Hill School site, International School students have full use of the Senior School's excellent facilities, including an indoor heated swimming pool, sports hall, library, theatre and music department. Boarders are accommodated in Boarding Houses at the heart of the Mill Hill campus in a homely and comfortable environment.

Mill Hill International offers a broad range of academic programmes for day and boarding students aged between 13 and 17, lasting from one term to two years. In each course there is a wide choice of academic subjects, and co-curricular activities complement the academic programme. Class sizes are small, with no more than 12 students per class.

Mill Hill Summer School

Set within the attractive campus of Mill Hill International, our British Council accredited Summer School offers two enjoyable and enriching courses, English Plus Activity and Intensive Academic. Facilities also include the swimming pool and sports hall of Mill Hill School, with comfortable accommodation in boarding houses. Open to boys and girls aged 12 to 17, the Summer School caters for both those who will be joining British boarding schools and those who wish to sample British education in the summer. Operating throughout July and August, courses range from two weeks to eight weeks in length.
