Cambridge Homestays (from age 14+)

Living with a host family in Cambridge in their private home - a "homestay" - is a great way to practise English in a relaxed environment outside of classes. All our hosts are known to us personally and we visit all of them at least once every year. They provide a friendly environment, a clean and comfortable bedroom, good food and a quiet place for study.

Homestays are normally located less than 40 minutes from school on foot, by bicycle or using the frequent bus services. Our hosts are typical of British and Cambridge society as a whole with different ages and occupations, and from a variety of ethnic and cultural backgrounds.

Bedrooms are usually shared with another Studio student of similar age and different nationality. Some singles are available. Your host will wash your clothes once per week and bed linen and towels will be provided and regularly changed.

Your homestay hosts will provide you with 16 meals per week - Breakfast and dinner every day, and lunch on Saturday and Sunday. Weekday lunch is provided at school with a hot or cold option available Monday to Friday in the school café. Special dietary requirements can usually be met if requested in advance.

Is Homestay right for you?

Homestay accommodation is suitable for you if you are interested in living with (and learning about life with) a local Cambridge host. You will have more unsupervised free time as you are required to travel independently between the school and your accommodation, by bus, bicycle or on foot. You will typically have fewer compulsory activities than on a residential camp. Homestay is only available on our Sir George camp's Intensive course (outside the summer) or our Sir Michael camp's Classic course (during July and August).

*Please note that students in Homestay accommodation have no compulsory evening activities included in their programme, as they can choose to spend more time with their hosts.

We adapt our teaching to the learning styles of our students, offering:

Modern technology

Many lessons incorporate modern media, including listening exercises based on Internet sources, video clips and the latest trends.

Certificate of Studies and Academic Report

At the end of your course you will receive a certificate showing the camp and course you have studied and the dates of your stay. You will be able to show your parents, teachers and prospective colleges or employers how much your English has improved.

The town of Ely

Ely (pronounced to rhyme with “freely”) is a beautiful, peaceful city in the heart of the Cambridgeshire countryside - the ideal setting for this age group. It is 25 kilometres north of Cambridge and 120 kilometres from London.

Its magnificent cathedral, established in 1083, dominates the city and makes this one of the finest and most unspoilt mediaeval cities in England. Many of the ancient buildings are part of King’s teaching centres and student residences.

The city centre has a traditional English feeling, with shops and a market square. With a population of only 20,000 people Ely feels more like a village than a city - everything is close-by and the atmosphere is friendly.

The School

Founded in the year 970, King’s is one of the oldest schools in the world. King Edward the Confessor, who died in 1066, was educated in the magnificent buildings around Ely Cathedral which are still used by the school today.

You will live on-campus in one of the wonderful, old residences (perhaps even in School House – the oldest inhabited residential building in Europe). Your time here will be something to remember for the rest of your life.

Founded more than 1,500 years ago, in Roman times, "Stortford" is a market town with a traditional English atmosphere. It is small – fewer than 40,000 residents – and enjoys a high standard of living.

Its location halfway between Cambridge and London makes it ideal for sightseeing in the capital and the local area. It is also the nearest town to London's Stansted airport (just 6 kilometres away).

The School

Hockerill Anglo-European College (HAEC) was established as a teacher training school in the 1850s. Today it is one of Britain's most prestigious academies, with Language College and Music College status. It has a strong international focus, offering the International Baccalaureate and attracting students from countries around the world.

With the help and advice of our dance teachers, you will focus on your technique and fitness and be encouraged to develop your own choreography.

The main focus is on modern jazz dance, but classes are supplemented by workshops in a variety of styles from around the world - from Bollywood to cheerleading to salsa.

These dance styles vary from week to week and help to inspire experienced dancers with creative ideas and to introduce less experienced dancers to different styles.

Cambridge is one of the most famous, and most instantly recognised, city names in the world. It has been a centre of learning for 800 years and is the international symbol of academic excellence. With 20,000 university students, virtually the only “business” of Cambridge is education and, despite its age, the whole city is designed for young people.
