MINNESOTA LAKES - DULUTH

Duluth is a place like no other. An endless horizon where the largest freshwater lake in the world meets the sky. There are rocky cliffs and pristine forests where you’ll find miles of trails to explore. It’s a thriving community where you can watch a show, explore nature, enjoy a meal and stay in comfort no matter where your plans take you. Duluth has the largest metropolitan area on Lake Superior. A tourist destination for the Midwest, Duluth features America’s only all-freshwater aquarium, the Great Lakes Aquarium; the Aerial Lift Bridge. Spend a day on the water with a harbor cruise, charter fishing, sailing, kayaking or paddleboard - be it on the big lake, the bay or the St. Louis River. Take a dip at Park Point or slip into one of the many hillside streams. When the weather warms, get outside and take in gorgeous landscapes with lush forests, wide open water and rocky outcroppings just begging to be explored.
