NW MOUNTAIN RESORTS – GLACIER PARK LODGES

With rugged mountains, lush wildflowers and an abundance of rivers and lakes, it’s no wonder why Glacier National Park is known as the “American Alps”. From hiking to fishing, canoeing or a ride in our iconic Red buses, there’s something for everyone. Xanterra Parks & Resorts is the nation’s largest park-management company with operations in eight national parks, and many other resorts. The company’s mission is to be the leader in park and resort hospitality. Xanterra Parks & Resorts, Glacier National Park Lodges is located in remote Glacier National Park, Montana and operates the restaurants, retail stores, hotels, and support services from May through the end of September. This is a great location for students who enjoy nature, hiking and camping. Glacier National Park offers 700 miles of hiking trails and beautiful scenery with pristine forest, alpine meadows, rugged mountains, and spectacular lakes. Activities, events, and trips are organized throughout the summer for students at this location.

WEATHER

Expect warm days and chilly nights in the lower altitudes of Glacier National Park. Snow is possible year-round in the higher elevations so bring lots of layers if you plan to hike in these areas. Be prepared for afternoon storms and bright sunshine during the day.

PROS & CONS

PRO: Very busy in the summer months with tourists.
CON: Very remote location. One hour drive from the large cities. Due to the remote locations of our properties in Glacier National Park, there is sometimes difficult cell phone service. Public pay phones are available at all Lodges and Hotels.

HOT TIPS

Be prepared to see wildlife! There are varied weather conditions so bring lots of warm layers. This is a remote location, and distance between the different villages ranges from 15 minutes to 2 hours.
